

ROCKKiDZ

A SOLID FOUNDATION

Rockkidz Church is all about giving our children a solid foundation. Jesus Christ is the Rock - our solid foundation. Rockkidz is a place of fun and love where our children discover and begin to grow in the love and grace of our Saviour Jesus Christ. Through our Jesus-centered teachings, songs, activities and crafts, our children are being established in God's grace. As our children are growing in their relationship with Jesus, they are also growing in their kingdom friendships with one another.

At Rockkidz, our children are surrounded by leaders and teachers who care for them and are excited about sharing the good news of Jesus with them. Our children are being built up and strengthened in the love of our heavenly Father and will be strong in the Lord.

Pastor Rolf Lucas

“**RAISING
ROCK SOLID
KIDS**”

Serving in Rockkidz Church has been amazing. It has been wonderful to see the lives of our precious young children being touched by the grace of God. They are truly blessed to hear and learn all about the cross of Jesus. At this young age, they are being established in the gospel of grace. They are singing and dancing in the great love of their heavenly Father.

Kesha Hendricks / Champions & Alive

Serving in Rockkidz Church has been such a blessing to me. Our children's simple faith has truly encouraged me. Our children are growing in their identity in Christ and in the revelation of the holy Communion. As I am receiving God's love for me, I am loving and caring for our precious children. God has shown me His unmerited favour.

Amy Cogill / Mighty

Serving in Rockkidz Church is so much fun! I have laughed and danced so much with our children and I have enjoyed every moment. We have an amazing Rockkidz team of leaders and teachers who genuinely care for our children. I am so thankful to God for calling me into this ministry. My life has been tremendously impacted by our precious children. It's really all about Jesus!

Cindy Jarvis / Beloved

Kidz Talk

"I love seeing everyone's faces! I enjoy playing dodgeball at Rockkidz with my friends and snack time is my favourite time."

"I enjoy playing and dancing at Rockkidz. I also enjoy all the stories. I miss everyone so much."

"I enjoy playing with my friends and doing all the fun activities. I also like having holy Communion with Jesus. During lockdown, I am missing everyone."

"I enjoy everything about Rockkidz, especially when we go ice-skating. I like my pastor and I like taking holy Communion."

"I like to see Pastor Rolf. I like playing with all my friends and singing songs to Jesus. The exercises are lots of fun."

"I enjoy learning about Jesus from my pastor and our leader. I really like praise and worship with all my friends."

"My favourite is the arts, crafts and exercises. I enjoy all the games and I love when we all sing to Jesus together."

Matthew Gibbs' Story

At the beginning of 2019, we noticed that our eleven year old son, Matthew had a small, bald patch at the back of his head. The patch started growing and we noticed more small patches sporadically appearing. The dermatologist confirmed that Matthew had Alopecia Areata which is rare amongst children but common amongst adults. This is caused when the immune system attacks the hair follicles. It is unknown why this occurs and no cure has been found for this disease.

Matthew went for several blood tests and we were given the medical option of needing which is extremely painful and not recommended for children. However, we decided to take the medical option of Cortisone. Six weeks later at Matthew's medical follow-up, we sadly discovered that the Cortisones had not been working. After more prescribed medication, Matthew's condition still did not improve. Matthew was being teased at school and felt embarrassed about his hair loss. We were also advised that Matthew should see a psychologist.

Soon after this, Apostle Craig started ministering on healing and the power of the holy Communion and declared that Matthew is healed. Tears streamed down my face on hearing this. I could not understand how Matthew is healed when the doctor confirmed that there was nothing they could do about his condition. I eventually started to believe God for Matthew's healing. I kept hearing God's Word and we partook of the holy Communion together. In this time, I also started to hear Matthew sing songs of worship in the shower which he would sing at Rockkidz Church. God was touching my son.

Today, by God's grace, Matthew is almost completely healed. What medication could not do, Jesus is doing by His power and grace. Thank you Apostle Craig for caring about and praying for my son. Your preaching has made me see miracles happen in my life. Thank You Jesus for all that You have done!
